

We are a small regional specialty club formed to promote and develop the Netherland Dwarf breed as described by the America Netherland Dwarf Rabbit Club standard. The SSNDC was founded in 2015; we are chartered by the ARBA , as well as being affiliated with ANDRC and the LRBA. Our goal is to hold specialty shows in all of the Gulf Coast States in conjunction with ARBA all-breed shows, and have fellowship with other exhibitors in a family atmosphere.
